## **Help Carry the Bridging the Gap Temporary Contact Message**

Would you like to understand how to be an **"AA Tour Guide"** for the newcomer, recently released from Treatment or Detox?

Would you like to share about the Temporary Contact program at a Treatment, Detox or Hospital facility?

If **yes**, please join us as we explore:

1. What is the Bridging the Gap Temporary Contact Program: how does it work and why does it matter?

2. How does BTG work in partnership with the Treatment Committee?
3. What are the future opportunities for BTG across Area 78?

In partnership with the Treatment Committee, Bridging the Gap is looking for AA Members to both: carry the AA message into Treatment, Detox, and Hospitals; and to help transition the newcomer, recently discharged from these facilities, into AA.
